

“Things Just Get Better When You and I are 1.”

Hi and thank you for your interest in UNIR1 Records.

UNIR1 (pronounced You and I are one) is a Global Internet Radio and Television Network that broadcasts music and shows 24/7 in crystal clear HDTV and 320kbps audio reaching millions of listeners and viewers around the world. Our network consists of several radio and television stations that are all seperated by genre and niche. We target our market so that UNIR1 can promote you and your music effectively. We also conduct live interviews and Pay Per View concerts and events and even sell tickets for you!

UNIR1 Records is our store division and is directly connected to the promotional division of UNIR1 Radio and UNIR1 TV. UNIR1 Global Network is our sales and marking division where we share all of your music and videos with thousands of our radio stations and television network affiliates to globally promote your music and merchandise to millions of listerners and viewers around the world.

UNIR1 has a staff of LIVE DJ's who will play your music and inform listeners and viewers about you, where to see you perform live and encourage them to purchase your music, merchandise and tickets for your events. Unlike, CD Baby, ITUNES or Amazon which only post your music, other digital outlets leave your CD of material on the shelf, and it is up to you, your manager, your family or friends to market your music and shows.

Our services are aggresively priced, highly effective and very disruptive in todays digital media market. We provide a quality platform for you to produce a realistic opportunity to further develop your career in the music business in a fast and affordable way.
